Products Comfort & Care Apparel

With advancing age, many people suffer from incontinence or psychomotor agitation.

Comfort & Care Apparel offers functional and range of high-quality products for Care Homes, Care Institutions and the Clinical sectors.

Our overalls and Care body make it easier to undress the patient for the change of a diapers.

This also prevents hygiene problems and reduces the necessary treatment time. In addition, the leg zipper allows the caretaker to access the incontinence material quickly and easily.

COMFORT & CARE APPAREL

Description

The Comfort & Care care body is the practical combination of undershirt and underpants.

Since the upper part cannot slip out, the patient's back is always covered. The zipper in the back area makes it easier to dress and undress the patients. At the same time, the leg zip allows quick and easy access to the intimate area. The body is suitable for women and men as well as for children.

COMFORT & CARE APPAREL

Description

The Comfort and care body brings enormous relief to everyday care. It is an undershirt and fixation trousers in one product and at the same time serves as a fixation trousers for fixing incontinence materials.

The zipper in the back area makes it easier to dress and undress the patients. This is also possible without further help and saves valuable care time, since the person does not have to be completely undressed.

The quick change of incontinence products can thus also be carried out by the wearer himself. The material of the body consists of a high proportion of cotton, so it has a high moisture absorption and its breathable and feels good on the skin.

COMFORT & CARE APPAREL

Incontinence Pads

With Wings

- Front: 100% cotton fabric
- 2nd layer: felt foil / soaker
- 3rd layer: Pu layer
- 4th layer: Dazzel made of 100% polyester

Incontinence Pads

With Wings

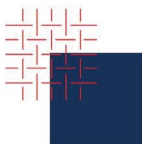

Absorption	2500ml / SQ meter
Care	
Size	85x90x50cm
Code	C & CAI 452
Colour	White

Description

The incontinence bed protection pad is reusable and therefore ideal for use with incontinence. The high absorbency of the four layers guarantees maximum protection. With this pad, moisture is always transported from the top layer to the layers below. This offers the user maximum lying comfort. In addition, the bed is protected by a moisture-proof layer, so that the mattress remains permanently dry. The bed protection underlay also has practical side parts for attachment to the mattress.

Benefits of Incontinence Pads

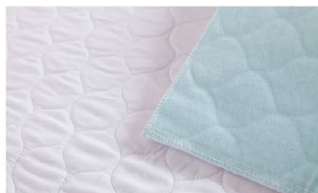

- 4-layer quilted design
- Size: 85 x 90 cm (side panels: 45 x 85 cm)
- Suitable for the washing machine
- Washable up to 95 °C
- Tumble dry low
- High suction power: 2.5 liters / sqm

COMFORT & CARE APPAREL

Description

Rely on high quality and reliable protection for your mattress. With the Comfort and Care terry fitted sheet, you can reliably protect the lying surface of your mattress from sweat and urine. The fitted sheet has a breathable polyurethane-coated underside and is therefore waterproof. The absorbent surface ensures that you lie comfortably. The blended fabric of cotton and polyester is suitable for allergy sufferers. The fitted sheet is extremely hygienic because it can be washed at high temperatures. Incontinence patient lie comfortably and can enjoy their night sleep. Coated bed pads (terry cloth or molleton) have an absorbent function and increase lying comfort. They are placed over the bed sheet,

Benefits of Mattress Protector Sheets

- Cotton terry cloth top, particularly absorbent
- Underside polyurethane (PU) coated
- Highly breathable
- Antibacterial
- Waterproof because the underside is PU-coated

COMFORT & CARE APPAREL

Side Rail Pads

Side Rail Pads

Size

179 x 75.5 x 0.65 cm (L x W x H)

Description

The Comfort & Care Apparel side rail protectors offer the patient more safety. The rexine protection is against the unintentional getting stuck of the head or limbs between the bars of the side rail. They also prevent injuries that can be caused by bumping against the side rails. Ideal for protecting restless patient.

In addition, the side rail protector makes the bed look much more human and cozy. In this way, the bed becomes a place where someone feels at home again.

Benefits of Side Rail Pads

- Fits all standard care beds
- Easy to clean / wipe
- Plastic with foam core
- Easy to attach with velcro
